// 01 Featured Work

NADIA

• LIVE

Network Monitoring System

SATRIA-1 HUB • BAKTI • 2024

Monitoring dashboard for the SATRIA-1 satellite HUB in Jayapura. Integrates FORTIGATE, HUAWEI Core Switch & HPE ProLiant via JWT REST. Used daily by the operations team.

Next.js MUI REST JWT

VIONA

• LIVE

Multi-HUB NMS Platform

Jayapura • Manokwari • Timika

Network monitoring rolled out across three BAKTI KOMINFO satellite HUBs. Map-based topology, alert routing, unified device status across regions.

Next.js Google Maps AWS

LOOKUP IP

INTERNAL

Internal Tools • LNM Module

BIS DATA • 2024

Internal monitoring tools — Landscape Monitoring System module, AWS infrastructure maintenance, bug-fix support across VionaApp.

React Node.js AWS Maps API

ARTZ HR

INTERNAL

HR Platform — Full-Stack Dart

BIS DATA • 2024

End-to-end HR platform on full-stack Dart. Attendance, payroll, leave & role-based access — mobile-first for field employees with audit logs.

Flutter Frog Dart PostgreSQL

BDI CHAT

INTERNAL

Real-Time Messaging + AI

BIS DATA • 2024

Real-time chat with AI assistant. WebSocket transport, PostgreSQL persistence, full-text search, push notifications & offline cache.

Flutter Frog WebSocket PostgreSQL

BEETPOS

SHIPPED

POS & Clinic Back-Office

Life Tech • 2021-2023

UI/UX & back-office for a multi-tenant POS used by retail and clinics. Marketplace sync with Tokopedia & Shopee, plus QRIS payments.

React Vue.js Vuetify Figma

CRM MRT

SHIPPED

Customer Relationship Mgmt

Life Tech • 2021-2023

CRM designed and developed from scratch — payment integration, role-based dashboards, and a customer activity timeline.

Vue.js Vuetify REST API

BEETCLINIC

SHIPPED

Clinic POS Variant

Life Tech • 2021-2023

POS variant tailored for clinics — appointment, billing & QRIS payment. Co-designed UI/UX and built the front-end.

Vue.js Vuetify Figma

CAVE POS

SHIPPED

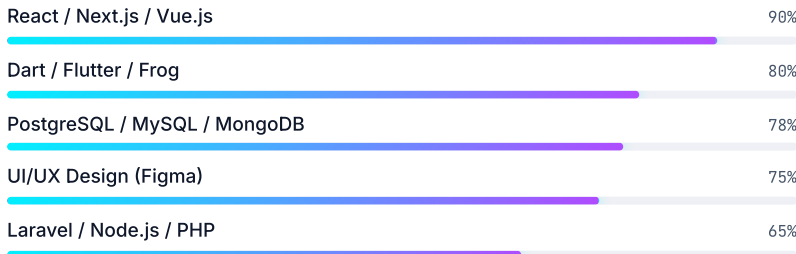

Cashier + Real-Time Chat

Cave Laundry • 2020-2021

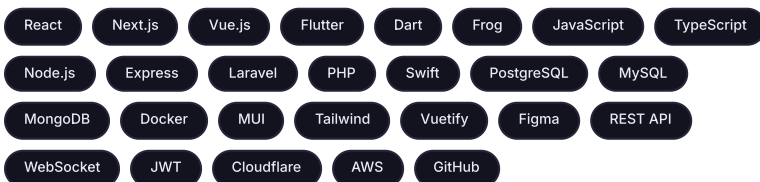

Cashier app for a laundry chain with real-time WebSocket chat between counter and operations. Low latency, high availability.
